

Pet First Aid Classes for Pet Owners

Presented by:

Vetcision

December 1, 2009

6:30 - 8 PM

- What is a veterinary emergency?
- What emergencies can I handle at home?
- What emergencies do my family veterinarians handle and when should I call Vetcision?
- How are cat and dog emergencies different?
- How to I treat a skin laceration?
- When should I put a splint on a broken leg?
- What is poisonous and what is not.
- What should be included in a home first aid kit?

This a free seminar presented at Vetcision. Ask for a tour of our hospital while you are here. Classes will be held the first Tuesday of each month. Please RSVP because class size is limited.

Vetcision continues to provide more options for the care of your patients.
