

Vetcision Price Match Guarantee

1. A valid estimate from a New England veterinary specialty hospital must be presented for the price match guarantee. A valid estimate is defined as the following:
 - a. A type written itemized estimate from a specialty hospital that can be confirmed by calling the hospital.
 - b. Estimates from a general practice where a mobile specialist performs the procedure is not acceptable.
 - c. Estimates must have been given with 30 days.
 - d. Vetcision will guarantee the average price if there is a low and high range on the estimate. We reserve the right to go above the average by 10% if there are unforeseen medical problems.
2. This is for an apples to apples exact match of invoice items.
3. Certain medical conditions are fluid, requiring multiple days of hospitalization. Estimates will be updated every 24 hours for these unstable patients.
4. A consultation with the specialist will be required prior to a procedure being performed.
 - e. The cost of the consultation will be deducted from the final invoice after the procedure has performed.
5. Recheck examinations will be at Vetcision's regular prices.
6. A discount of 5% of the total invoice will be given on the final invoice.
7. The price match guarantee is not good with any other discounts or coupons.
 - a. This includes, but is not limited to, discounts for doctors or staff at other specialty hospitals.
8. Vetcision will, at our discretion, determine whether a valid estimate has been presented for the price match guarantee.
